**SYNOPSIS ON**

**Impact Of Institute Management Committee On ITI Aurangabad.**

**OCCASION**

**Joint Review And Workshop Of Up Gradation Of ITI'S Under  
 PPP And World Bank Assistance**

**➤ Date:-25<sup>th</sup> March 2009 ➤**

**Venue :- Yashwantrao Chavan Hall, Mumbai-21**

## **Intdrouction:-**

*Our Industrial training Institute Aurangabad is among 100 ITI'S which has been selected by DGET as a "Centre of Excellence" in the first phase in 2005 - 2006 with domestic funding and world bank assistance.*

*Industries have always been most important contributor in growing Indian economy. To achieve the objective of scheme we (IMC – Officers – staff) had decided to develop our institute not only as an educational institute but "part of an industry". To speed this process we pulled up our socks and decided to put our best*

*Industry – institute interaction is not that much new concept but for COE we gone through a non- conventional frame of mind and now we can say proudly "The Winner Is Always Part Of Answer". For these phenomena the key is Institute Management Committee.*

*Our IMC has seven industrial personals as a member from Aurangabad and vicinity industrial sector. Mr. R.L.Pulkundwar, CEO of Utkarsh Auto Parts Pvt. Ltd. Waluj.Aurangabad, who is Chairman of our IMC and with his other dynamic members gave us "Tomorrows Industrial Vision Today".*

## **Features of Institute Management Committee:-**

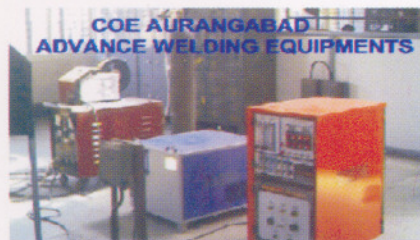

- *Young, dynamic and enthusiastic members urge to do constructive work for youth, society as well as Nation. (Apart from their own work)*
- *Plenty of experience, has an important role to make their establishment profitable with new industrial trends.*
- *Weekly visits to Institute / monthly meeting of IMC*
- *Active participation in each constructive programs of institute e.g. NSS, MES, POTS etc.*
- *Interaction with staffs and trainees*
- *Plays an important role to introduce the scheme at every part of society as they are active members of industrial organization i.e. MASSIA, CII etc.*

## Development Of Infrastructure With Industrial Aspects :-

## Defect Free Installation :-

## Campus Of COE :-

## Best Practices For Staff & Trainees :-

Yoga Activities

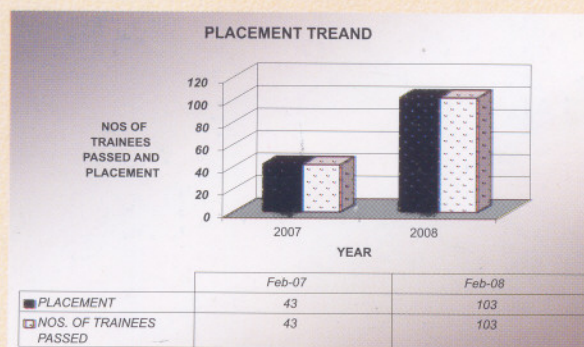

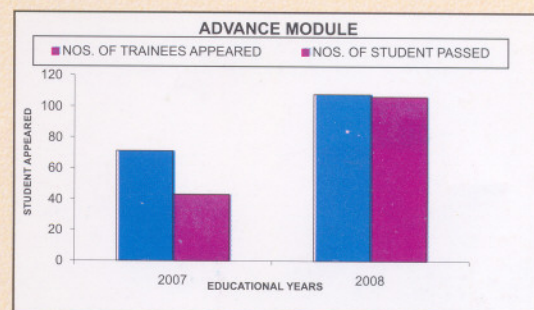

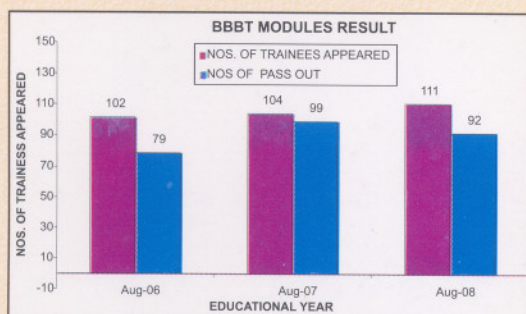

Paragliding Activities

Adventure Activities

## Out-Put In Terms Of Exam Results And Placement :-

## Benefits of IMC:-

*With above features ITI Aurangabad as a centre of excellence got following results with the help of IMC*

- ◆ *As a part of quality enhancement , teaching staff members have undergone for training of PLC, CNC as well as CAD – CAM.*
- ◆ *Taking initiatives IMC arranges on job training for trainees at various industries which increase their confidences level , make trainee aware with industrial culture and increase % of pass out result.*
- ◆ *Through IMC we organized following programs for staff and trainees. It helps to keep happy and healthy atmosphere in the institute*
  - ✓ *A course of Communication Skills ,personality development and interview techniques .*
  - ✓ *Soft skill development program as well as Yoga practices*
  - ✓ *Adventurous activities such as Trekking , Paragliding etc.*
- ◆ *While developing institute infrastructure as a centre of excellence IMC forced to use **Reverse Engineering**. Target oriented reverse planning because of this we succeed to develop infrastructure of COE within the time period with all industrial aspects and defect free installation of machineries.*
- ◆ *100 % placement of COE pass out trainees is possible only because of IMC*
- ◆ *Prestigious industrial establishment for the campus interview are invited through IMC such as Bajaj Auto , Scoda, Badve engg., Verroc Engg. , Endurance group of Industries, Dagger Master , Grind Master , etc. giving COE pass out trainees not less than Rs. 4500/- PM at the starting*
- ◆ *It is because of only IMC we increase our resources at the rate of 10 to 12 % every year and we have Rs. 40 lakh deposited in institute PLA account by following ways.*
  - ✓ *We are taking job work under POTS*
  - ✓ *By arranging short term courses under Lokseva Kendra and MES.*
  - ✓ *We have some extra ordinary machinery which is very useful for small scale industries we utilized these machineries for industrial customers on hourly basis .*

- ◆ *Since last three years as a institute we experiencing healthy appreciation from society which results in compaction to take admissions at COE Aurangabad*

### **How We Had Improved Industrial Linkages:-**

- ◆ *Arranging the visiting programs for industrial personals to introduce the infrastructure of institute as per their convenient schedule. We took their suggestions, maintain the records and implemented them.*
- ◆ *Our staff – officers visited no. of industries with planned schedule and get aware of new industrial trends such as TPM, 5S, Kaizen, etc.*
- ◆ *We also take a participation in various industrial seminar and exhibition organized by various industrial organization*
- ◆ *As we are implementing authority of Apprenticeship act 1961 through BTRI centre we have plenty of scope to improve industrial linkage.*

### **Future Action Plan:-**

*IMC insist us to act on the following points which is schedule for 2009 - 2010*

- *Workshop flooring with Epoxy/PVC layers, replacement of modern electrical switchgears*
- *Machineries planed :- Sub merged arc welding, CNC and VMC machineries.*
- *Landscape development with industrial sponsorship.*
- *ISO certification*
- *Facing with industrial recession*
